PROFILE

To obtain a challenging and responsible position in the area of software testing where my knowledge, ability and dedication will be utilized.

EDUCATION

Bachelor of Technology in Computer Science
Younus College of Engineering & Technology
Kollam, Kerala

2019 – 2023

SKILLS

Technical Expertise: SQL, Core Java, Manual Testing, Automation Testing
Testing Tools & Frameworks: Selenium WebDriver, TestNG Framework

CERTIFICATIONS

- Software Testing - Q Spiders, Kochi
-

COURSES

Manual Testing (Q Spiders)

- Advanced knowledge of SDLC and STLC concepts
- Experience in functional, integration, system, performance, usability, regression and user acceptance testing
- Ability to create comprehensive test cases and perform defect analysis

Core Java

- Strong understanding of OOPS principles
- Proficient with Object Class, String Class, Constructors, Interfaces, Arrays, Collections
- Knowledge of Exception Handling, File Handling, Upcasting/Downcasting

SQL

- Proficient in writing SQL queries to retrieve and manipulate data from relational tables
- Written and practiced 400-500 complex queries across domains
- Performs CRUD operations

Selenium

- Skilled in developing automation scripts using Selenium WebDriver
 - Experience with TestNG framework for efficient web application testing
-

PROJECTS

Detection of Plant Leaf Diseases using Machine Learning and Deep Learning 09/2022 – 05/2023

- Designed a user-friendly interface for image upload and real-time disease detection
- Implemented CNNs for classification with high accuracy in disease identification
- Performed extensive testing to validate model functionality

Food Management & Donation System 03/2022 – 08/2022

- Created a platform to connect food donors with NGOs and shelters
 - Developed efficient system for managing surplus food distribution
-
